Japanese captioning and English captioning

See back side for application details →

The event is co-organized  
by DPI-Asia Pacific Regional  
Council (DPIAP) and  
DPI-JAPAN.

Persons with disabilities in the  
Asia-Pacific region have been seeking  
“Disability Inclusive Development” in  
accordance with the goals of Incheon Strategy.  
The goal 3 of the Strategy on accessibility says :

**“Access to the physical environment,  
public transportation, knowledge,  
information and communication is a  
precondition for persons with disabilities to  
fulfil their rights in an inclusive society.”**

This side event will focus on accessibility of public transportation  
and discuss a regional view on accessibility of public transportation,  
to make the right real, including the right to independent living.

In this regard, the presentation focuses on progress of  
accessible transportation in Asia-Pacific region, with emphasis  
on the active role of organizations of persons with disabilities.  
The speakers are Ms. Midori Hirano of Japan delivering  
opening remarks followed by country reports from Pakistan  
(Mr. Shafiq Ur Rehman), Thailand (Mr. Sawang Srisom),  
Korea (Ms. Eun Jung Kim) and Japan (Ms. Toshiko Kudo).

Ms. Saowalak Thongkuay, a Former DPI Asia-Pacific  
Development Officer will make concluding remarks.
